JOURNAL OF COASTAL RESEARCH (JCR)

The *Journal of Coastal Research* (JCR) provides an international forum for the littoral sciences. This professional, peer-reviewed journal is dedicated to all aspects of integrated coastal research. The JCR disseminates knowledge and understanding of coastal areas by promoting communication among specialists in geology, biology, ecology, geomorphology, physical geography, climate change, littoral oceanography, hydrography, sea-level change, coastal hydraulics, environmental (resource) management (law), coastal engineering, remote sensing, socio-economic topics, etc. The JCR contains scholarly papers, review articles, book reviews, and editorials, and also provides additional special issues on specific topics.

Print ISSN: 0749-0208 **Peer**
eISSN: 1551-5036
Subscription Term: Calendar Year
Reviewed: Yes
Frequency: Bimonthly (Jan, Mar, May, July, Sept, Nov)

Back Issue Availability:

Please contact our Business Office at cerf.jcr@gmail.com for back issue availability.

Back Issue Price:

USA-\$50/issue
Non-USA-\$65/issue

Subject(s): Coastal Geology, Marine Biology, Ecology, Coastal Geomorphology, Physical Geography, Climate Change, Littoral Oceanography, Hydrography, Sea-Level Change, Coastal Hydraulics, Environmental (Resource) Management (Law), Coastal and Maritime Engineering, Remote Sensing, Socio-Economic Topics, etc.

Abstracted and/or Indexed in: The Journal of Coastal Research (JCR) is currently surveyed in the BioOne Complete Collection; Google Scholar; JSTOR; EBSCO; ProQuest; Charlesworth; BIOSIS Previews (Web of Science); Zoological Record (Web of Science); Biological Abstracts (Web of Science); Cabells Scholarly Analytics (Journalytics); Chemical Abstracts Service (CAS); Gale Group (Gale/Cengage Learning); Copyright Clearance

Institutional Subscription	USA	Canada	Mexico	Other Countries	Agency Discount
