SMPTE MOTION IMAGING JOURNAL

The *SMPTE Motion Imaging Journal* will transition to a digital-only access model in 2027. Digital access provides the full journal experience with enhanced accessibility, improved discoverability, and convenient access across institutional networks. This change supports our ongoing efforts to expand access to content, streamline distribution, and advance sustainable publishing practices.

Beginning with **2026–2027 renewals**, the institutional subscription rate will be **\$1,500**. This will include additional issues and full access to the SMPTE archive (100+ years), including the Motion Imaging Journal and conference proceedings.

Peer Reviewed: Yes **Subscription Term:** Anytime Start

Frequency: 7 issues annually

Back Issue Availability: Some back issues are available. Contact business office.

Back Issue Price: \$35.00

Subject(s): Cinematography, Electrical Engineering, Measurement and Control Technology, Television, 5G, AI and Machine Learning, Color Science, Cloud Media, Communication, Compression, Design and Integration, Digital Cinema, Display Technology, Immersive Media, Sustainability, UHD/HDR, Workflows
